ABOUT ME

With 3+ years in professional development, I've delivered projects that scale to tens of thousands users, integrated modern front-end frameworks with robust back-end systems, and optimized performance for speed and accessibility. I build fast and reliable web applications that turn complex requirements into seamless user experiences. I thrive in solving real-world challenges, streamlining operations through data-driven applications and improving engagement via responsive, user-friendly interfaces.

SKILLS

Programming Languages

TypeScript | JavaScript | Kotlin | Java | Python | SQL

Frameworks & Libraries

Angular | React | Spring Boot | Spring | Material UI | Bootstrap | JUnit | Redux | Electron | NGRX | NGXS | Cypress

Databases

MySQL | PostgreSQL

Tools & Platforms

AWS | Agile | Scrum | Git | Docker | Jira

Other

Node.js | HTML | SCSS | CSS

WORK EXPERIENCE

BITWISE OY – TAMPERE, FINLAND

SOFTWARE DEVELOPER – 04/22/2022 – 11/28/2024

- Managed and developed a **enterprise product** for an S&P 500 client, ensuring high performance, scalability, and code quality.
- Built and maintained cross-platform features using **TypeScript, HTML, SCSS, Angular, Node.js, Electron, and NGRX.**
- Served as **maintainer** for one major application and collaborated in a **20-member cross-functional Agile team** for another.
- Wrote **unit tests** with Jest, increasing release reliability and reducing regression issues.
- Participated in **Agile ceremonies**, conducted **code reviews**, and contributed to **CI/CD pipelines** for automated builds and deployments to AWS.

MONAD OY – TAMPERE, FINLAND

SOFTWARE DEVELOPER TRAINEE – 05/01/2021 – 10/31/2021

- Delivered full-stack features using **React, Redux, TypeScript, Kotlin, and PostgreSQL**, following best practices in **Agile software development**.
- Built an **integration between two major service providers**, improving system interoperability and automating data exchange.
- Enhanced the internal product by developing new functionality and optimizing performance.
- Wrote **unit, integration, and end-to-end tests** using **JUnit** and **Cypress**, improving test coverage and reducing bugs in production.
- Contributed to **code reviews** and collaborated with the team to refine development workflows.

FINNISH DEFENCE FORCES (FDF)

SOLDIER – 07/03/2017 – 12/14/2017

LINEARTEC OY – KOKKOLA, FINLAND

ASSEMBLER – 06/07/2016 – 07/05/2016

EDUCATION AND TRAINING

08/2018 – 06/28/2024 Tampere, Finland
BACHELOR OF BUSINESS INFORMATION SYSTEMS Tampere University of Applied Sciences
